

Barcelona's participatory democracy platform

Let's decide the Barcelona we want.

What can I do
in a participatory process?

Get informed

Check ongoing participatory processes, browse through proposals, filter contents, look at the calendar of face-to-face meetings.

Be part of it and decide

Make new proposals, support or comment on existing ones and share them through social media.

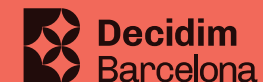

Monitor

Examine the proposals, look at the minutes of face-to-face meetings, check the discussions and debates and audit all the activities carried out in Decidim.

Barcelona

What is Decidim.barcelona?

A digital platform

Used to coordinate public participation. A key space for building a more open, transparent, collaborative and democratic Barcelona.

A collaborative project

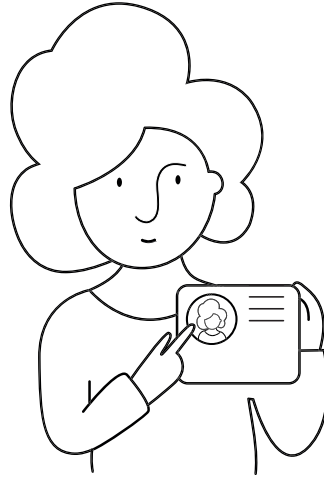

Any citizen can use Decidim's open source code to see how the platform is built, reuse and improve it. Check the entire code in our GitHub.

A community under construction

We are building and improving the platform with the collaboration of citizens, social groups and organisations, political representatives and technical staff from the City Council, researchers, hackers, SMEs and activists.

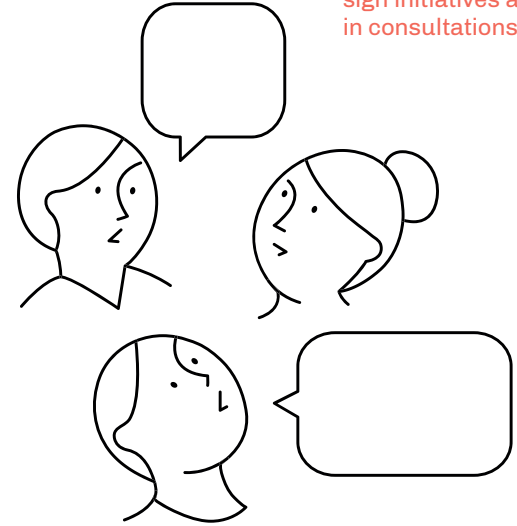

Sign up

To submit comments and proposals, send messages and stay up to date.

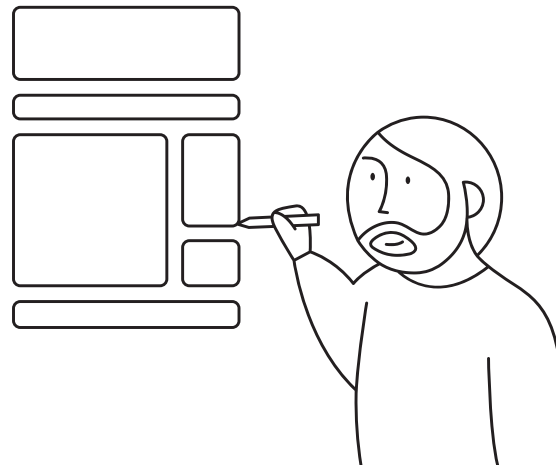

Configure your account

As a citizen, organisation or community. To sign up for face-to-face meetings, support proposals, sign initiatives and vote in consultations.

Get involved!

Join the community. Want to redesigning Decidim? Come to Metadecidim SOM (Metadecidim Operative Sessions). www.meta.decidim.barcelona

Contribute

To our free and open source code software. There are many ways to contribute, you can improve the code as well as the documents and translations available. Go to our Github and make your contribution.
